

Brayden is a 6-year-old from Waukesha who is battling brain cancer. He is a cheerful boy who likes to play with trucks, play with John Deere tractors and play outside. He wished to go on *Disney Cruise Line*®, and thanks to your support, his wish came true!

It began when a surprise limousine arrived at his home to escort Brayden and his family on the first leg of their journey. They flew to Miami where they boarded Disney Magic. Once they were settled in their ocean-view stateroom, they explored all the ship had to offer, including swimming pools, Disney's Oceaneer Club, live shows, movie theater and arcade. They dined like royalty at a variety of restaurants like Animator's Palate, Cabanas and Lumiere's.

They docked at exotic ports of call, including Grand Cayman and Disney's private island, Castaway Cay. It was the experience of a lifetime! Brayden and his family returned home with photos, souvenirs and priceless memories, giving them hope, strength and joy.

Thank you for making Brayden's wish come true!
