

Emma is a 10-year-old from West Allis who is living with Cystic fibrosis. She is an outgoing, caring and polite girl who likes to play with LEGOs, color and clean around the house. She wishes to go to Atlantis Resort in the Bahamas to swim with the dolphins. Thanks to your support, her wish will come true!

It will begin with a surprise limousine arriving at her home to escort Emma and her family to the airport. They will fly to the Bahamas where they will stay at Atlantis on Paradise Island in Nassau. While at the resort, they will take advantage all of the amazing features the resort has to offer. Emma and her family will play in the water park, which includes waterslides, wild river rides and over 10 pools. They will also dine like royalty at a variety of restaurants.

One of the highlights will come when Emma and her family will visit Dolphin Cay, one of the largest marine habitats in the world. There, they will play and swim with the dolphins. It will be a wish come true! Emma and her family will return home with a powerful experience, giving them hope, strength and joy.

Thank you for making Emma's wish come true!
